This is the first time that I've written out your name  
This is the last time that I'll ever feel the same  
Maybe I said too much but I don't care  
You act distant like I'm not there

Run, but you can't hide  
Fall, but on whose side?

I'm broken, so deadly  
You're just the one to fix it  
You're calling, it's early  
That feeling  
God I miss it  
Don't want to live without  
Don't want to sit this out  
Don't want to know if it's the last time I'll breathe  
you...in

Every word just turns a fire that you say  
All I can do is light the fuse and walk away  
But even I can't do that  
I still back down  
There's comfort in the silent ground  
Run, but I can't hide  
fall, but on her side

I'm broken, so deadly  
You're just the one to fix it  
You're calling, it's early  
That feeling  
God I miss it  
Don't want to live without  
Don't want to sit this out  
Don't want to know if it's the last time I'll breathe you in

I'm broken, so deadly  
You're just the one to fix it  
I'm calling, it's early  
That feeling  
God I miss it  
Don't want to live without

Don't want to sit this out  
Don't want to know if it's the last time I'll breathe  
you...in

I'm broken, so deadly  
You're just the one to fix it  
I'm broken, so deadly  
You're just the one to fix it  
You're calling, it's early  
That feeling, God I miss it

Don't want to know if it's the last time I'll breathe  
you...in...
