You say hi'  
And my tongue's all tied up  
You got in under my skin  
There's an itch that I can't scratch  
I'm real nervous so let's begin  
What you wanna do to me?  
I said, what you wanna do to me?  
I'm dumbstruck  
Lost inside this dream

'Cos it's love at first sight  
I can't breath  
As my heart goes who, oh, oh, oh  
It goes who, oh, oh, oh  
Come on and take a bite  
Let's take all our clothes off  
I'm who, oh, oh, oh  
It goes who, oh, oh, oh  
'Cos your, who, oh, oh, oh  
Gets me high

Butterflies in my stomach  
Get me shakin'  
When you reach out  
I found heaven in your hands  
Every touch makes me scream and shout  
You're beautiful that's for sure  
I am crazy give me some more  
I'm dumbstruck  
Nothing's like before

'Cos it's love at first sight  
I can't breath  
As my heart goes who, oh, oh, oh  
It goes who, oh, oh, oh  
Come on and take a bite  
Let's take all our clothes off  
I'm who, oh, oh, oh  
It goes who, oh, oh, oh  
'Cos your, who, oh, oh, oh  
Gets me high

Strip it right back  
Right back to the bone  
Get it raw, get it hot  
Can't you hear me moan, I wanna  
Taste, wanna feel  
Wanna see, wanna touch  
Help me say what I can't  
'Cos I'm dumbstruck  
Strip it right back  
Right back to the bone  
Get it raw, get it hot  
Can't you hear me moan, I wanna  
Taste, wanna feel  
Wanna see, wanna touch  
Help me say what I can't  
'Cos I'm dumbstruck

'Cos it's love at first sight  
I can't breath  
As my heart goes who, oh, oh, oh  
It goes who, oh, oh, oh  
Come on and take a bite  
Let's take all our clothes off  
I'm who, oh, oh, oh  
It goes who, oh, oh, oh

'Cos it's love at first sight  
I can't breath  
As my heart goes who, oh, oh, oh  
It goes who, oh, oh, oh  
Come on and take a bite  
Let's take all our clothes off  
I'm who, oh, oh, oh  
It goes who, oh, oh, oh  
'Cos your, who, oh, oh, oh  
Gets me high
