I've been caught in the middle of a war zone  
Trying to get everybody on their own side  
I've been waiting for my moment now for too long  
I just can't get it right

I said the eye of the storm is the calmest  
Place on this very earth  
So why am I so restless relentless and  
Awaiting arrival of sorrow with open arms

Free me and everyone else around  
This is are only chance now  
Free me and everyone else around

Yeah yeah yeah  
Yeah yeah yeah

I gave up dreaming bout anything  
'Cause it didn't do me any good  
Stumbling over my wishes  
Finally broken my foot

I've been caught in the middle of a war zone  
Trying to get everybody on their own side  
I've been waiting for my moment now for to long  
I just can't get it right  
I just can't get it right  
Now now

Free me and everyone else around  
This is are only chance now  
Free me and everyone else around  
Around now  
Leave me I'm not gonna let me down  
Down down  
Free me and everyone else around  
  
And I said  
I've been waiting for this all my life  
Yeahhh

Free me and everyone else around  
This is are only chance now  
Free me and everyone else around  
Around now  
Leave me I'm not gonna let me down  
Down down  
Free me and everyone else around  
Around
