Girl I say if only  
Life would lean our way  
Well you and me we'd run away to be  
Where ever our adventure waits

And time would be a distant memory  
Nobody could tell us to stay  
Well i've been dreaming ever since i've seen you  
Heaven when you came my way

CHORUS

I heard your heart sing love love love x4

Oh it seems awfully  
Hard for us to find at all  
Well all these years will wash away  
And we'll be clean but we'll have nothing more

I can say there'll come another day  
Where money and our time affords  
But on our hands our wrinkles understand  
We never really wanted more

[CHORUS]

And all the life about to go  
Is in my mind  
And all the loudest voices in the world  
Are never right

[CHORUS]
