-Whistle-

The sun set too soon tonight
Now we are in the last of light
Far gone is the golden hour
The dark could never dim your eyes

We'll tip toe through the streets,
And creep over the eaves
And run across the roofs,
And hide like common thieves
We'll go in till the stars expire
So here is where the culprit lies

Oh we'll steal love songs tonight
Oh we'll steal love songs tonight
Oh we'll steal love songs tonight; it's only you and I

The sun set too soon in this town
We're pushing statues to the ground
I know you are the wreckless kind
The crashing is the sweetest sound

We'll tiptoe through the streets
And creep over the eaves
And run across the roofs
And hide from the police
Our hearts are picking pockets out
My darling don't you turn back now

Oh we'll steal love songs tonight
Oh we'll steal love songs tonight
Oh we'll steal love songs tonight; it's only you and I

-Whistle-

The sun set to soon tonight
Now we are in the last of light

Oh we'll steal love songs tonight
Oh we'll steal love songs tonight

Oh we'll steal love songs tonight; it's only you and I

Oh we'll steal love songs tonight

Oh we'll steal love songs tonight

Oh we'll steal love songs tonight; it's only you and I

-Whistle-
