Johnny, Johnny, open up
Johnny, it's Frank, open up
Look you've been in there for three weeks
Now come on, open up
Johnny, Johnny, out of my way
I'm watching television, are you crazy?
That's the test pattern, I like it
Well, there are two things to be done
First of all, we put him in the hospital
And withdraw all television, I see
And then, we give him this radio
Radio, radio, radio, radio, radio, radio
Sending those signals, sending those signals
Sending those signals, those digital signals
Sending those signals, sending those signals
Sending those signals, those digital signals
Sending those signals, sending those signals
Sending those signals, those digital signals
Sending those signals, sending those signals
Sending those signals, those digital signals
Two times you do, understand

Is it as good, understand

Two times you do, understand

Is it as good, understand

Two times you do, understand

Is it as good, understand

Two times you do, understand

Is it as good, understand

Sending those signals, sending those signals

Sending those signals, those digital signals

Sending those signals, sending those signals

Sending those signals, those digital signals

Sending those signals, sending those signals

Sending those signals, those digital signals

Sending those signals, sending those signals

Sending those signals, those digital signals

Oh, can't you hear it?

Can't you hear it?
