You, you're driving me wild
You're making me fall in love
In love with you baby, I
I'm losing control
I don't wanna let go yet
Till you want me
You, you're all that I need
You're all that I want
And I'd sure love to love you, I
I gotta go slow
Keep it under control now
Till you want me
But my body keeps changing my mind
(body, moving, my mind)
Keeps changing my heart
When we're dancing
My body says love you tonight
(body, love you, tonight)
To drive me out of my mind
When we're dancing
Well I know it wouldn't be right
(Baby, wouldn't be right)
To say take me home tonight
(To take me, take me tonight my love)
But when we get to dancing
When I see you dancing
When it comes to dancing
My body keeps changing my mind
You, it's you in my heart
It's you on my mind
And you just can't help it
I should give it some time
And wait for the right sign
That you want me
Cause my body keeps changing my mind
(body, moving, my mind)
Keeps changing my heart
When we're dancing
My body says love you tonight
(body, love you, tonight)
To drive me out of my mind

When we're dancing
Well I know it wouldn't be right
(Baby, wouldn't be right)
To say take me home tonight
(To take me, take me tonight my love)
But when we get to dancing
When I see you dancing
When it comes to dancing
And we fly together across the floor
My heart's crying out for more
Cause I just can't resist you
Well I know it wouldn't be right
(Baby, wouldn't be right)
To say take me home tonight
(To take me, take me tonight my love)
But when we get to dancing
(When it gets to love)
When I see you dancing
(I feel so good)
When we get to dancing
You know
My body keeps changing my mind
(body, moving, my mind)
Keeps changing my heart
When we're dancing
(You know it's so clear)
My body says love you tonight
(body, love you, tonight)
To drive me out of my mind
(Cause you're the one who takes me there)
When we're dancing
