Everything in my life isn't meant to last
We forget about the people the future and past
That recognize us for who we are
There is no right or wrong with time
You experience what's meant to be and I'm
Sure I'll learn my lessons fast

I've never has one nice tip from any guy in my life
They'd take me for a dip-di-dip
Then leave me high and dry

Up up and a down we go
You and I are gonna last forever
Up up and a down we go
You and I for sure

I gotta get up in the morning
See the sun rise
Say goodbye to the people who who fed me those lies
Not to feel so guilty for that slice of pie
I gotta let go of the people who always harrassed me
and told me
"You gotta lose that ass."
That stick figure image is so in the past

I've never has one nice tip from any guy in my life
They'd take me for a dip-di-dip
Then leave me high and dry

Up up and a down we go
You and I are gonna last forever
Up up and a down we go
You and I for sure

You I and myself we've got places to go
Don't let anyone misdirect what is in your soul
You I and myself we've got places to go
Don't let anyone misdirect what is in your soul

I've never has one nice tip from any guy in my life
They'd take me for a dip-di-dip

Then leave me high and dry

Up up and a down we go
You and I are gonna last forever
Up up and a down we go
You and I for sure
