When you're not afraid you can start again
Take one last look
No pretense, No sentimental attachment
The veil's been lifted

Don't be Angry
Who's gonna rescue me from myself if you leave
Oh please believe me when I tell you I'm sorry

I used to run these streets
Reservoirs overflowed with sweet dreams
I just couldn't see

Don't be Angry
Who's gonna rescue me from myself if you leave
Oh please believe me when I tell you I'm sorry

You're everything I need all at once to be at peace
With the slow dying watching what I love disappearing
Oh please believe me when I tell you I'm sorry
