I hope you'll be ok baby please tell me if you're gonna
be alright
I know what I've broken and that it's not easy but I'll
stay up with you all night
If that's what it takes to get back the keys we carved in
the sand
Before the tide washes in

Millions of voices on top of voices
Till no one's listening
Manic breakdown misunderstanding
Till nothing can be heard
Static is everywhere -- Static is Ammunition

Pop art, sad faces on beautiful paintings -- all the
pieces of your mind
So many moments lost but when is defeat really
realized
What I could've done different you split the difference
between who I was
And everything I'm not

Millions of voices on top of voices
Till no one's listening
Manic breakdown misunderstanding
Till nothing can be heard
Static is everywhere -- Static is Ammunition

It's all up to you now where we go from here
Static is everywhere, it keeps on raining down
It keeps on raining Ammunition
