Car 5032 of the union pacific  
is passing by on the right to bring back all the  
hopelessness  
of a trailer park in the old mining town  
where the irony's laying thick on the ground in the dirty  
streets of Goldfield  
if you're searching for silver or an easier fortune  
finding nothing in the way of love or a life of living any  
better than before  
you'll know you've arrived in Goldfield  
car 5032 of the union pacific  
is passing by on the right and she's thinking of  
escaping out to Frisco  
from the trailer park in the old mining town  
where the irony's laying thick on the ground  
in the dirty streets of Goldfield  
laying roots down to soak up the poison for  
generations  
finding nothing in the way of love or a life of living any  
better than before  
you'll know you've arrived in Goldfield  
gotta get the hell out of Goldfield I'm gone this time  
I'm really leaving
