Deny if you think you can.

There's a breach in your security.
I'm inside you finally.
My objective: distort your view,
Wreck the very core of you.

Tantalize, compromise your position.
Dismantle your desire.
Contaminate and deface your convictions,
Recreate your state of mind.

And when your thoughts have been cleansed and
corrected,
We'll celebrate the day.
When everything that you were is rejected,
That's when I'll have my way.

Deny me if you think you can.
But I always get my man.
And before this night is through,
I will corrupt you.

I've had enough of your integrity.
Your devotion sickens me.
If there's a fracture in your moral ground,
I'll find a break and I'll break you down.

And you will swear to a brand new allegiance.
Hope to die and cross your heart.
You'll abandon the things you believe in,
With total disregard.

And as the flag of your past life is burning,
We'll dance around the fire.
Swept way by the tides that I'm churning,
You'll subcomb to my desire.

Deny me if you think you can,
But I always get my man.
And before this night is through,

I will corrupt you.

There's a breach in your security...

And when your thoughts have been cleansed and
Corrected,
We'll celebrate the day
When everything that you were is rejected.
That's when I'll have my way.

Deny me if you think you can,
But I always get my man.
And before this night is through,
I will corrupt you.
