Oh your smile is carved of stone
And your eyes say take me home
You and I could spend a night of romance
We'll be alive
But when the morning comes
Will I still want you
Mmmmmmmmmmm yeah yay

You can dance into my heart
But I know that's not the part
That you want to steal away
So when the morning comes
There'll be nothing left to say

Baby let me love you for tonight
I gotta have your love
I really need it now
Baby let me love you for the night
I know you want my love
My love will treat you right

You know I want you boy!

We all need love today
But our hearts will surely pay
But the moment that our lovin
Keeps on reachin the stars
Just take advice from me
Then nothing will Remain

You know I want you boy
Don't you feel it too?
You know I need the love
That's deep inside of you
So take me for the night
But don't count up to ten
But when tomorrow comes
We'll be more than just friends

Hit it
Baby let me love you for tonight

I gotta have your love
I really need it now
Baby let me love you for the night
I know you want my love
My love will treat you right
