Well here comes another broken heart, another
sleepless night,
Another lonely boy who's crushed inside.
I shattered his dreams. I hurt his pride.
I walked away as he stood there and cried,
I wished he wouldn't. I wished he'd suck it up, be a
man, walk it off,
Quit trying to hold my hand.
Quit calling my phone cause I won't pick up.
Shut that door.

You know we used to smile, you used to make me
laugh.
And every time you went away I was so damn sad.
But you hated my songs. You hated my clothes,
Always too jealous when you went to my shows.
And if it wasn't with you it wasn't good enough.
Oh you never cared, but now that I'm not there you
can't stand to hear that
I'm done.

And I'm sorry it's true, but I'm not sorry for you.
And I don't feel bad, no I don't want you back.
So please, just leave me alone. Just leave me alone.

I know that I'm so through. I know I don't want you.
I know I've had enough. I know that I'm so done.
I know that I won't stay. I know that you won't go away.
But I don't know why you come back and cry when I've
told you a million times.

Please, just leave me alone. Just leave me alone.
Please, just leave me alone. Just leave me alone.
And I'm sorry it's true, but I'm not sorry for you.
And I don't feel bad, no I don't want you back.
So please, just leave me alone. Just leave me alone.
