(feat Jazmine)

Hook:

Tell me what I want to hear
Tell me I dont have to fear
You aint going anywhere, Ill be right by your side!
(I will stay by your side, too!)
Baby, if you take me there, maybe I will take you there
I aint going anywhere, Ill be right by your side (by your side!)

Hey yo, its just you and me, me and you, seeing you
Youre crying bo, I swear Im not trying to be mean to you!
I cheated once or twice, hanging out, rolling dice
Now instead of throwing rights, its fist fights, were throwing right
I knew you couldnt take it when you said well never make it
Said youre underrated, threw away my tennis bracelet.
Love was sky high, now were stuck in the basement
Got you smoking saying I dont take you places
Here you might be right, but fighting just aint lady like
I got you the Benz cause you said youre the Mercedes type.
And we can work it out, lately its been working out
No more hurt and cursing and even out.
Learn your lesson that your girl is your best friend
(youre my best friend!)
More than a blessing, so fellows need to bless them
And I aint talking about your Saturday one
Im talking about the one with you from day one!
I stay, hon!

Hook:

Boy, if you only knew, the way I feel for you
Baby, Ill rock your world,
So wont you tell me whos your favorite girl?!
I got you just what you need, just put your trust in me
Baby, I rock your world,
And soon you will see whos your favorite girl!

Know everybody needs somebody.. need somebody to
cherish every moment
You only share my monopoly with
Im kinda cocky than this, you do Pilates and shit
Nice ass, tight abs, your body is sick!
I knew I loved you when I let you meet my mother
I put no one above her, she loved you without a stutter
Basically youre family, we go visit my older brother!
In the.. Im senile if I ever question ever cause,
Weve been through ups and downs right to left, life
and death
Now I trust you with my life, I got you writing checks.
You was with me when I was a bum, life a mess
Close your eyes, take a guess, open wide, diamonds,
yes!
Yes! Big engagement ring, with your name engraved
and blink
Get you on an ass, just to show it aint a dream!
Me and my buttercup, on the couch, cuddled up,
My last wish, a good night kiss,
Come here, fuck the love!

Hook:

Tell me I dont have to fear
You aint going anywhere, Ill be right by your side!
