Get it on the floor
This is for the ladies on the dancefloor
Tell the DJ play it once more

G-g-g-get it on the floor
Let me know if you're ready or not
Let the dancing take control of you
Get it on the floor
Cause I've been waiting all night
To take my eyes off of you
Get it on the floooooo yeah
Get it on the floooooo yeah

I see you staring
So what you waiting for
Girl don't be shy it's just you and me on the dancefloor
So move in closer
Shoulder to shoulder
Smile like oh yeah
Shawty you the right girl

Your body body is outrageous
The way you work it up and down is something
dangerous
The rumours telling us they're showing you are famous
Dj play it one more time lets see ya

Get it on the floor
Let me know if you're ready or not
Let the dancing take control of you
Get it on the floor
Cause I've been waiting all night
To take my eyes off of you
Get it on the floooooo yeah
Get it on the floooooo yeah

Wait a minute
That's my favourite song
One more dance shawty
You know you wanna
Turn around

Move it slow
Work it now
Now drop it low
I I think she wants me
Ooh ooh yeah she's all upon me
The rumours telling us they're showing you are famous
Dj play it one more time lets see ya

Get it on the floor
Let me know if you're ready or not
Let the dancing take control of you
Get it on the floor
Cause I've been waiting all night
To take my eyes off of you
Get it on the flooooo yeah
Get it on the flooooo yeah

This is for the ladies on the dancefloor
Tell the dj play it once more
X4

Just get it on the floor
Let me know if you're ready or not
Let the dancing take control of you
Get it on the floor
Cause I've been waiting all night
To take my eyes off of you
Get it on the flooooo yeah
Get it on the flooooo yeah
