feat. I.Y.A.Z.

[Intro]

Sometimes you just wanna be left alone
Hey iyaz, wassup man

Even if it hurts your loved ones
Shit is killing me right now
That's the decision I'ma stick with
And I gotta live with it

[Hook]

I'm stuck between the love of my life
And the one that I call my own
I'm just tryina make the best of my life
And that's why I'm leaving home
I'm stuck between the love of my life
And the one that I call my own
I'm just tryina make the best of my life
And that's why I'm leaving home

Let's be real, I would leave if I had the chance
Has of late's been downhill like an avalanche
So I have a plan, packing up the caravan
Cause I feel stuck like I've been injected with anavan
The diagnosis, mama got cancer
My dad died when I was born and I don't have the
answer
So when you think you see me laughing and jokin
It's the only way to cover up the fact that I'm broken
You ever feel there's another world better for you
Well I'ma find it, that's why I wrote this letter for you
And if you ever second guess why I was born
I wonder how you'll feel when I'm gone, gone

[Hook]

I'm stuck between the love of my life
And the one that I call my own
I'm just tryina make the best of my life
And that's why I'm leaving home
I'm stuck between the love of my life

And the one that I call my own
I'm just tryina make the best of my life
And that's why I'm leaving home

I got a girl that I truly love with all my heart
But there's a demon inside me pushing us apart
I got an angel, telling me she's the one for me
But this damn devil keeps hanging this gun to me
So I don't know what's wrong or right or right or wrong
But I'm gone, have you ever had to cry and write a
song
Have you ever tried too hard to right your wrongs
But the harder that you try it's like the more that goes
wrong
Those warm family hugs start to turn to cold arms
And now you all alone in the middle of the storm
Everyday's a dark winter, so you gotta dress warm
Go to sleep, I'll be gone in the morning

[Hook]

I'm stuck between the love of my life
And the one that I call my own
I'm just tryina make the best of my life
And that's why I'm leaving home
I'm stuck between the love of my life
And the one that I call my own
I'm just tryina make the best of my life
And that's why I'm leaving home

And no fear, I'm in a better place now
In a better space now, I could ventilate now
I could close my eyes and watch everything fade out
Taking a long ride on this permanent greyhound
It feels great, everyday is happy days
I don't have to feel the pain of somebody passing away
It's just me and Wilson, tom hanks castaway
It's too bad I'm in a place you can't ask to be saved
Warrup big, what you doing here?
And how the hell is 2pac walking on air
And tell me why big pun's in the long chair
I'm starting to get this feeling that I don't belong here

[Hook]

I'm stuck between the love of my life
And the one that I call my own
I'm just tryina make the best of my life
And that's why I'm leaving home
I'm stuck between the love of my life
And the one that I call my own
I'm just tryina make the best of my life
And that's why I'm leaving home.
