Hey I know you
Are you gonna be okay
Hey I know my name
Chorus
Hey I'm better then you
Just do whatever it takes
So Hey I know my name

I want to say hey I'm not gonna be
You're saying hey to me I know that
Hey check me out hey you ever

Are you gonna say hey to me
I'm so going out tonight cause you
Not gonna be the same of you

Say hey all I want is you girl
Do you know my name
Just say hey to me I know you're the one to be you
