Taking my truck, guitar, the VCR and what's left of me  
Ain't no better off, just used and simply confused by  
your complexity  
Cause you took my heart and my soul and my self-  
esteem  
All that remains to be seen yeah is.

What's left of me, it's a mystery  
You were so devastatingly beautiful while I was  
brilliantly naive  
What's left of me, what's left of me  
I'm what happens to a puppet when somebody cuts the  
strings  
What's left of me

I should've known I couldn't survive on my knees at that  
pace  
You left a catalog of blue hang-dog expressions on my  
face  
Like a wrecking ball, breaking hearts slicker than  
Vaseline

All in all I'm lucky to keep uh-huh

What's left of me, it's a mystery  
You were so devastatingly beautiful while I was  
brilliantly naive  
What's left of me, what's left of me  
I'm what happens to a puppet when somebody cuts the  
strings  
What's left of me

Someday I might just get back in line  
That's if my nerve returns, considering I find

What's left of me It's a mystery  
You were so devastatingly beautiful while I was  
brilliantly naive

I'm taking my truck, guitar, the VCR and what's left of  
me
