Men and Women ~f~ç~," Rodney Carrington  
You women have so much power in your pants you  
have no clue. You have to much power! That little hairy  
critter you got in you bridges causes more shit than  
anything else in this world. If I had a twat in my bridges  
I'd be in a hotel room right now with eight guys, 'cause  
I'm a big old hoar. You have to much power. You can  
~f~ç~," ~,~! in the front yard and tell your man: 'Now  
you go out there and eat that, when you come back,  
you can have some!' You know what he'd do? Whah  
whah! He 'd come running back into the house with a  
chocolate ring around his lips. 'I did it!!'. You stupid son  
of a bitch, I was kiddin'. Well, I still get the pussy don't  
I? Well no, you got shit in your mouth!  
Thank god for hands. I'm 34 years old, I jack off more  
now than I did when I discovered it. When I discovered  
it, I loved it: Man, this feels great. What the fuck was  
that? I can't see! I can't see!  
How many women masturbate? Look, 10 of you!  
Horseshit! Is that a 14 biljon dollar a year dildo  
business I think it is. Then 10 women out here keeping  
it going. Horseshit!  
Women do it. I just do it in private. Found her hanging  
against the washingmachine while folding clothes.  
Whoooooooooooo shit! ' What are you doing?' I'm folding  
clothes!!!! Shit, and I watched. And then men get all  
the shit, 'cause we're the horny ones, you know?  
'You're always horny. That's all you ever wanna do!' I  
KNOW! Because one of us had to be. One of us had to  
be the horny ones. There's men en there's women. One  
of us had to be the horny ones. So it's men. Women  
don't think like we do. They're emotional creatures. If  
they did, we'd all in a big ~f~ç~," ~,~! right now.  
Which would be a hell of a lot of fun.  
That's why men created sports. Men created sports  
'cause they get tired of thinking about pussy 24 hours  
a day. Because sex is all about find them a girl,  
getting' in the little spot. Find her, get  
there~f~ç~," ~,~!~f~ç~," ~,~!. It's all it's about. And if  
you look at sports it's the same way 'cause men  
created them. Footbal! Upright through the middle! We  
put hair on the post is it wouldn't too offensive.

Basketball: 2 hole, 5 guys fighting 5 other guys for a hole. Just like being in a nightclub! And off course tennis was invented by a women, 'cause that's just her doing: Back and forth, back and forth. Which goes back to the power-issue. If there is an argument at my house, my wife can take the puss, run in another room and hold it hostage. All of a sudden I am a hostage-negotiator. 'Have you harmed the hostage in any way? Press the hostage against the window so I can see it. Why is the hostage smoking white sigar? We know you got demands, what are they? She wants to go shopping. Shit! And a new car. Fuck! She wants a helicopter. God damn' we can do that I tell you . a helicopter, Helicopter, HELICOPTER ,HELICOPTER !!

Thanks a lot everybody for coming out. I hope you had a great time. I did! Thank you! Good night. Thank you very much.
