"Walk My Own Way"

Call me loud
Call me lewd
Say my attitude is crude

I tell you
The truth
So they use the auto tune

Photoshop and
Crop away
Throw yourselves all away

You will
Lose yourself
Look you're all messed up

Oops you're all messed up

I don't care what they say
I'll do it my way
Don't care what they think
Cause I'm the real thing
Don't care what they say
I'll do it my way

So watch me walk my own way

Call me loud
Call me lewd
No I won't sell out to you

I won't
Lose myself
So don't you fix me up

Don't you fix me up

I don't care what they say
I'll do it my way
Don't care what they think
Cause I'm the real thing

Don't care what they say
I'll do it my way

So watch me walk my own way

I don't care what they say
I'll do it my way
Don't care what they think
Cause I'm the real thing
Don't care what they say
I'll do it my way

So watch me walk my own way

Say what I've gotta say
Do what I'm gonna do
Say what I've gotta say
So watch me walk my own way
