Disregard what don't concern you, don't let  
disappointment turn you  
Avoid adopting other people's views  
Know what you can and can't control, don't let envy  
take a toll  
It's nothing more than weather passing through  
When your back's against the wall, when you're headed  
for a fall  
The tables set to make a run Dancin' Circles Round The  
Sun

Through action wisdom is revealed and too much talk  
is like a shield  
In silence lies the keys to how we grow  
When focused on the truth at hand, the critics try to  
make you bland  
But they don't understand what they don't know  
Make your own cracks in the sky, grit your teeth and  
learn to fly  
And when the right thing has been done, you'll be  
Dancin' Circles Round The Sun

Forgive the ones who meant to harm you, don't let  
superstition charm you  
Conform your wishes only to what's real  
Your reputation doesn't matter, let idle gossip chirp  
and chatter  
No one else can tell you how you feel  
In between the masks you wear, wash your face and  
comb your hair  
You're not hurting anyone Dancin' Circles Round the  
Sun

Your mind cries out to God alone, please send me  
someone I can own  
Your soul says son you're walking on thin ice  
Possession in the broadest sense, compounded by  
coincidence  
When all it takes is one roll of the dice  
In between the good and bad, think of all the fun you  
had  
It's the same for everyone Dancin' Circles Round The

Sun

Evolution comes in fits, it stops and starts, it coughs  
and spits  
Picasso and Mile Davis come to mind  
True artists, bold unbridled passion, no concern for fad  
or fashion  
Sexy beasts in love with woman kind  
Bend the rules until it breaks, stand your ground until it  
shakes  
That's the way to get things done Dancin' Circles Round  
The Sun

Hey, sod convention let's have fun Dancin' Circles  
Round the Sun
