Be loud, let your colorshow
Try to keep the madness low
If they hear and it's wrong
And they come with torches on
Yeah, come on

Be loud, let your colorshow
Try to keep the madness low
I tell 'em no with my hands
Make 'em understand the plan of it
Bright it glowed
And I'm done forever it's you and me forever
'Cause I'm done forever it's you and me for ever

Be loud, let the others know
First a whisper then it grows
I tell 'em go with my hands
Make 'em understand the last of it
Yeah come on
Fate is all

Be loud, pack your things and go
Leave the baby makers home
There's a time and a place
Someone built to take to the race
When it goes you go

Head down, doesn't make a sound
Keep your plans all to yourself
They'll come true
They'll stomp on you
Do what you're obligated to
Dont you listen to nobody else

And I'm done forever it's you and me forever
Cause I'm done forever its you and me forever
And I'm done forever see it's you and me forever
And I'm done forever it's you and me forever
And I'm done forever it's you and me forever
Cause I'm done forever it's you and me forever
And I'm done forever it's you and me forever
