I am sick with wanting
And it's evil and it's daunting
How I let everything I cherish lay to waste
I am lost in greed this time, it's definately me
I point fingers but there's no one there to blame

I need for something
Not let me break it down again
I need for something
But not more medicine

I am sick with wanting
And it's evil how it's got me
And everyday is worse than the one before
The more I have the more I think:
I'm almost where I need to be
If only I could get a little more

I need for something
Now let me break it down again
I need for something
But not more medicine

Something has me (Something has me)
Oh something has me (Something has me)
Acting like someone I don't wanna be
Something has me (Something has me)
Oh something has me (Something has me)
Acting like someone I know isn't me
Ill with want and poisoned by this ugly greed

Temporary is my time
Ain't nothin on this world that's mine
Except the will I found to carry on
Free is not your right to choose
It's answering what's asked of you
To give the love you find until it's gone

I need for something
Now let me break it down again
I need for something

But not more medicine

Something has me (Something has me)
Oh something has me (Something has me)
Acting like someone I don't wanna be
Something has me (Something has me)
Oh something has me (Something has me)
Acting like someone I know isn't me
Ill with want and poisoned by this ugly greed
Ill with want and poisoned by this ugly greed
