Another useless fight  
saddened words ring true  
leaving like a saint  
still clouds follow you

i've seen behind the wall of words  
you are  
sneaky with the fags  
look who's hiding now  
now i've seen through cracks

chorus  
still i'm not afraid  
not so dead afraid  
well i'm not afraid  
now you found the light  
woahhhhh

night is all you are  
we are  
friends for days and eternal nights  
sun in head for life  
claim it on his mind

chorus

i can't be arsed to do the rest someone else can she  
keeps muttering and mispronouncing words
