i can't weep only cry  
i can move i deny  
see my smile  
eat, eat, eat  
fe,fe, feed  
you so damn sweet  
she's cal-ling  
she's cal-ling  
she's my heroine  
she's my heroine  
fingers going down, down  
she's my heroine  
your too weird creep, creep, creep,  
smily faces so discrete  
la, la, lover  
evil eyes i can't sleep  
for her lies  
she's calling she's crawling  
she's my herione  
she's my heroine  
fingers going down, down  
she's my heroine  
smashed you in the face  
up against the wall  
still your secrets safe  
(there's) no-one i can call  
she's my heroine(x4
