Lost in time I can't count the words
I said when I thought they went unheard
all of those harsh thoughts so unkind
'cos I wanted u
And now I sit here I'm all alone
so here sits a fucking mess, tears fly home
'cos I wanted u
weak as I am, no tears for u[X2]
weak as I am, I'm not ones fool
weak as I am
And now am I now but loves last home
I'm all of the soft words I once owned
if I opened my heart, there'd be no space for air
'cos I wanted u
With this tainted soul
in this weak young heart
am I too much for u
weak as I am, no tears for u[X2]
weak as I am, I'm not ones fool
weak as I am
