(ronnie lane)So good to be with the people that know
you.It?s good to hear the things that they say,Oh at
times when you are with them.So good to note my
strength is growing,From day to day, there?s not a
thing, nononono.Not one thing I try to do without ya?
Troubled times of pain that come I take them any old
day.You come and you wash them, you wash them all
away,Wash them all awayAnd everywhere you sing in
everything,And I try by rememberingAll the things that
you said to me,From within all you did for me.Just one
word, just one word, just one word.
