How can you say life is getting Lou down?  
Get yourself out  
go along with the crowd.  
You're all dressed up  
got nowhere to go

You feel left out 'cos nobody showed. - Listen  
Babe:  
And when you think you're the only one  
Who can't find love in this world

Tell yourself there's another one

Who's waiting for you - somewhere.

Somebody special is thinking of you

Somebody special is dreaming of you.  
Somebody special is longing for you

Somebody special  
special.

Magazine dreams are easy stuff

But heaven knows they ain't good enough

Picture yourself from reel to reel

And get your hands on that driving wheel.  
When it's hard to satisfy a simple  
simple fantasy  
Somebody somewhere is on your side -  
Waiting for you  
crying.

Somebody special is looking for you

Somebody special is searching for you

Somebody special is waiting for you

Somebody special  
somebody special.

Maybe your heart's tormenting you

Why should it have any reason to?  
Wipe off that negativity  
put on some positivity.  
And when you think you're the only one . . .

Somebody special is dreaming for you

Somebody special is looking for you

Somebody special is waiting for you

Somebody special  
somebody special.
