First kiss, I feel nothing but bliss.
Near miss, I'm stuck in an abyss,
Of love, I can't find anywhere else.
It feels like I'm trapped under your spells

Amuse me, when I'm sad and blue.
Confuse me, with all the things that you do.
Amaze me, to show me you're true,
To the love, I feel inside of you.

Can't wait, we meet again.
I'll meet you by the fountain,
Of love, I can't find anywhere else.
It feels like I'm trapped under your spells

Amuse me, when I'm sad and blue.
Confuse me, with all the things that you do.
Amaze me, to show me you're true,
To the love, I feel inside of you.

I'm spellbound, by the love that you make.
I hope that you'll never fake,
The love, I can't find anywhere else.
It feels like I'm trapped under your spells

Amuse me, when I'm sad and blue.
Confuse me, with all the things that you do.
Amaze me, to show me you're true,
To the love, I feel inside of you.

(repeat chorus.)
