Something's going on in Pacific Bay,  
There is a strange feeling that something's astray.  
Mystery, love and lies,  
There's something for girls and guys.

Fun, friends and family are worth your while,  
There's no neighbourhood like this for many a mile.  
Family, friends and fun,  
Together the job in hand is done.

Sun is shining on Pacific Bay,  
Surfers are riding the waves today.  
Sea, sand and sky,  
Another day at Pacific High!

Thanks to Katie
