You're the summer of my seasons
You're the sun to my shine
When I'm spinning round in circles
When I'm lost you're the sign

I've been feeling so good these days
Baby it's you, you've got a way

You're like Free Fallin on the radio
Crank it up loud I love to sing along
You make me feel so alive ain't it easy to see
There's something bout you that brings out the best in me

You're the comfort I've been craving
You're the calm to my storm
You're my neverending weekend
You're the one I've waited for

I've been feeling so good these days
Baby it's you, you've got a way

You're like Free Fallin on the radio
Crank it up loud I love to sing along
You make me feel so alive ain't it easy to see
There's something bout you that brings out the best in me

Never knew a love like this before
And now I'm wondering how I'll ever love you more

You're like Free Fallin on the radio
Crank it up loud I love to sing along
You make me feel so alive ain't it easy to see
There's something bout you that brings out the best in...

You're like Free Fallin on the radio
Crank it up loud I love to sing along
You make me feel so alive ain't it easy to see
There's something bout you that brings out the best in
