I am too sexy for my, I am too sexy for my love
too sexy for my love, too sexy for my love, too sexy

I know that you like me, I'm fucked up and crazy
and damn you are nothing like me
straight from the catwalk I'm classy and why not
I'm all what you want me to be.

The night is the night, I'm the creature that drives you
insane
I'm so sexy it hurts got it pumping inside my veins

Chorus:
Give it up for now
turn the music out
I'm losing out control
ready to explode
I'm alive, oh ohhh, oh ohh
I'm alive, oh ohhh, oh ohh

I am too sexy for my love, too sexy for my love
too sexy for my love, too sexy for my love
too sexy for my love, too sexy for my love
too sexy for my love, too sexy for my love

Out on the dancefloor you want it, you want more
am I too sexy for you, too sexy for my love,
