Lookin' through the haze  
Every yesterday  
It's so perfect in your mind  
You lost the sight of dream  
Of how it used to be  
But your life is passing you by  
It's like you're caught up in a different world  
But you've got so much more to say

Break out  
'Cause yesterday's gone  
Don't miss this moment  
While time is moving on  
Break out  
Like sun through the clouds  
And look at all the good things happening now

It's right before your eyes  
When you realize  
There's no perfect getaway  
Nowhere that you can hide  
From all you hold inside  
But your life is wasting away  
And there is so much  
That you could do  
You've got so much more to say

Break out  
'Cause yesterday's gone  
Don't miss this moment  
While time is moving on  
Break out  
Like sun through the clouds  
And look at all the good things happening now

How 're you gonna shine  
If you're locked inside your shell  
Soon you could be flying  
If you let yourself

Break out

'Cause yesterday's gone  
Don't miss this moment  
While time is moving on  
Break out  
Like sun through the clouds  
And look at all the good things happening now

Break out  
'Cause yesterday's gone  
Don't miss this moment  
While time is moving on  
Break out  
Like sun through the clouds  
And look at all the good things happening now  
Look at all the good things coming around  
Look at all the good things now
