(Verse)

Doggie, yes sir, back with the extras

Hard on a bitch flow, macking on some Heffers

Smoking out VIP, bossing with the fellaz

Bitches on a pimp dick, niggas getting jealous

I don't give a fuck, niggas get nothing when the Dogg

Bad bitches! Yea, I got a bunch of them

On my dick! And I don't pay nothing

That's on my bitch

(Verse)

Yea, I'm posted with Kato, we know

Smoking jalapeno

In New York with Guido, sippin on vino

With a bad bitch from Rio

Rio all the way to Reno

We know hoes

Let the horns play, say it like you mean it

Mean it like you say, cut from a different cloth

Here motherfucker, South Central LA

Mean it like it's said, read it how it's read

Give it to me now

Let the horns play

Now put something in the air

Let the horns play

Now let the horns play

Give it to me now
Let the horns play
Now let the horns play

(Verse)

Yup, it's bout that time
Everyday Los Angeles state of mind
Long Beach living, heavy state driven
Gotta get it how I'm livin, presidential ambition
I'm a rider, sole provider of this game
Same old same, some things change
Same old things, different day and age
But I'mma keep doing my thang

(Verse)

We turnt up, turn em out
Pourin drink in they mouth
Baby wanna act up, check back with the dog
When you get your matter,
Sit on back lil bitch and drink this glass up, I'mma
smoke this Heffer
Get my party on and get fucked up
Smoke real big, kush blunts up
I make the club crack when I floss through
And then I shut it down, that's what a boss do

(Hook)

Let the horns play
Now let the horns play
Give it to me now
Let the horns play
Now let the horns play
Now put something in the air
Let the horns play
Now let the horns play
Give it to me now
Let the horns play
Now let the horns play
Now put something in the air

(Verse)

Gonna show you where the real women's at
Let em take another dawg for a walk
IIIIII I'm gone
