How long must I sit around waiting you  
Think of all the heartache  
You been putting me through  
You must have a soul  
But it dont show  
Come on and love me  
Let me know  
Come and get your love (Get your love)  
Come and get your love (Get your love)  
Come and get your love (Get your love)  
Come and get your love (Get your love)  
Come and get your love, before I give it away  
(Come and get it)  
You're a devil witch  
And I'm hypnotized  
But woman I could see right through your eyes  
Here's something for you  
(I Can't)  
Take it from me  
Why dont you love me?  
Or set me free  
Or come and get your love (Get your love)  
Come and get your love (Get your love)  
Come and get your love (Get your love)  
Come and get your love (Get your love)  
Come and get your love before I give it away  
(Come and get it)  
(Come on baby, get your love)  
(Come on baby, get your love)  
(Come on baby, get your love)  
(Come on baby, get your love)  
(Come on baby, get your love)  
(Come on baby, get your love)  
(Come on baby, get your love)  
I've been holding on  
To your love for so long  
Could be I would tie you up  
The face I admire  
So why dont you say  
Just go away  
Or come and get your love (Get your love)  
Get your love (Get your love)

Come and get your love (Get your love)  
Come and get your love (Get your love)  
Come and get your love before I give it away  
(Come and get it)  
Come on get down come and get your love (Come and  
get it)  
Get your love oh baby (Come on baby get your love)  
Here I am (Come on baby get your love)  
Waiting for you (Come on baby get your love)  
Get your love (Come on baby get your love)  
How long (Come on baby
