Roger Creager

I don't blame you, I know it was the only way that it
could be
The only way to put an end to this was for you to put the
hurt on me
I started seein' a side of you that I could never know
Until you walked out the door, yeah so I said

Chorus

If you can sleep at night after what we had and
If you can read my words and say too bad
If you can keep on doin', exactly what you had to do
Yeah if you can live with this, baby I can too
Hey I can too

It's on and off just like a switch, you came and then you
went
My heart was broken into, before it could've bent
No way in hell you could leave like that, if you had a
heart like mine
Save your prayers for yourself, cause I'm fine

Repeat Chorus

Just in case your keepin' score
Chalk one up for me
You can walk away from true love
And that's the only way, the only way you'll ever be

Repeat Chorus
