Hahahahaaaa

(Oh yeah that's right)

I'm gonna find a bar
I'm gonna get loud
I'm gonna get lost
In the lights
In the music
In the redneck crowd
I'm gonna get crazy
And forget about yesterday
You can come with me
Or get the hell out of my way

Pour me a tall one, something strong
Pour this whole bar a round
I don't wanna drink alone
Anything you got
It'll help ease my pain
Just mix it all in there
I'll take anything

I'm out here running in a wild direction
Nights like this were made for going insane
Lets crank this party up to sheer perfection
I don't give a damn what tomorrow brings
(Hey) I'll take anything

Some day I'll find a girl
I'll sweep her off her feet,
Were gonna have a little fun
And dance out in the street
Were gonna fall in love
And I'll buy her a diamond ring,
Ohha but not tonight
(Hell) I'll take anything

I'm out here running in a wild direction
Nights like this were made for going insane
Lets crank this party up to sheer perfection

I don't give a damn what tomorrow brings
The poison I am drinking better bet out of the wayyy!

I'm out here running in a wild direction
(And) nights like this were made for going insane
Lets crank this party up to sheer perfection
I don' t give a damn what tomorrow brings
There's nothing left for me to loose or gain
(And) I'll take anything
I'll take anything!
I'll take anything!
