### Verse 1

Music on Titanic played right up to the end  
When you're down to nothin, a song can be a friend  
Nothin to lose, nothin to hide  
You play it best when it's your very last ride

### CHORUS

It ain't the money, it ain't the glory  
It ain't the jet-set way I run around  
I got my heart and soul mixed in the fever  
I'll play music while my ship goes down, Hey!

### Verse 2

Baby's had enough, says she's walkin' out  
There's the inspiration, the songs I sing about  
I'm gonna lose it, and I'm gonna die  
It'll all end with my heart on the line

### (CHORUS)

Lookin' at me from the outside you might think I've got  
it made  
But anyone can see I'm goin' down, down down.

### Verse 3

Old and tired and madder than hell  
I ain't goin' back to that county jail  
Back on the road where I belong  
Sometimes I wonder what the hell I'm doin' wrong

### (CHORUS)

I'll play music while my ship goes down  
I'll play my music while my ship goes down
