Floatin' I'm floatin' on down through the sky  
Never had no ambition to learn how to fly  
I'll be glad when it's over and ready to land  
With this bag full of money I've got in my hand

Oh I grew up believin' in Jesse and Frank  
Cause I never had nothin' or no one to thank  
And I came pretty close to unloadin' a bank  
But I was saved by my draft board who made me a  
yank

Floatin' I'm floatin'...

And in the 101st they busted your hump  
But they taught me a man isn't always a chump  
In the course of Korea I learned how to jump  
In the card game of life I was holdin' a trump

Floatin' I'm floatin'...

If you can't get a job and they think you're insane  
If the years of your youth have been washed down the  
drain  
And you wake up some mornin' with nothin' but pain  
It was then I decided to grab me a plane

Floatin' I'm floatin'...

With all of my trainin' it wasn't too tough  
Now I'm through takin' orders and all of their guff  
Gonna buy a Rolls Royce and some luxury stuff  
Cause a veteran's pension ain't nearly enough

Floatin' I'm floatin'...
