I left it all when she left I said she'd come back again  
Don't we all have the right to be wrong now and then  
She won't come home says her love will never be mine  
again  
Don't we all have the right to be wrong now and then  
Yes I wasn't so smart after all I forgot that with love  
there are two ways to fall  
She won't come home says her love will never be mine  
again  
Don't we all have the right to be wrong now and then  
[ fiddle ]  
I left it all when she left I said she'd come back again  
Don't we all have the right to be wrong now and then
