Well I was born in the boomer's shack bout that far  
from railroad track  
Choo-choo rattled my window pane and the sheet iron  
roof tells me evertime it rains  
Well yea yea yea yea yea yea yea yea  
Well yea yea yea yea it happened just that way

Well I went to a one room school walked to and from  
this school  
I carried my lunch in a paper sack it was one mile over  
two miles back  
Well yea yea yea yea...  
[ ac.guitar ]  
I say my brother worked hard in the grain papa drove a  
choo-choo train  
And one sister was a righteous girl but the other was a  
woman of the world  
Well yea yea yea yea...  
Hmm yea yea yea yea...
