"Lady America"

Visit "[Lady America](#)" on MotoLyrics.com

I love your Mississippi, I love the way she flows
I love your Rocky Mountains for your gentle winds and
snows
I love you California for your beauty girls and wine
Lady America, I love you 'cos you're mine

I love old New York city, she's been good to me at
times
Like the time I couldn't call my mama 'cos I didn't have
a dime
Lord I love I love I love you and I want to tell you one
more time
Lady America, I love you 'cos you're mine

My mind keeps going back to Oklahoma
It's my home and where I come from
Life is living and I've done some
Love I love you and I want to tell you one more time
Lady America, I love you 'cos you're mine

My mind keeps going back to Oklahoma
It's my home and where I come from
Life is living and I've done some
Love I love you and I want to tell you one more time
Lady America, I love you 'cos you're mine
