I got up and made my mornin' cup of coffee
Fooled around the house an hour or more I guess
I did all this before I even had one thought of you
More and more I think about you less and less
I'm surprised but after all it's been a while now
Since I lost your love and all my happiness
But look as though I just might maybe learn to smile
again
Cause more and more more I think about you less and
less
I wouldn't be surprised that pretty day now all these
teardrops I've been cryin'
All these heartaches you caused me begin to wither
and then dyin'
Just now someone ask me if I'm hearing from you
And I felt a lot like cryin' I confess
But I didn't cry I guess the worst is over now
Cause more and more more I think about you less and
less
