Some hearts have all the fun they fall in love with one
And one says all it takes some hearts get out of breaks
Some people never cry life just goes flyin' by
They don't make no mistakes some hearts get all the
breaks
And there are foolish hearts like mine time after time
The time began they play the game but they never
seem to win
I guess I'll never learn some hearts got love to burn
I guess that's what it take some hearts get all the
breaks
[guitar]
And there are foolish hearts like mine time after time
The time began they fall in love but they never seem to
win
I guess I'll never learn...
