Leave the door open and the fly comes in
Leave the door open and the fly comes in
Leave the door open and the fly comes in
That's the way it is and how it's always been that's the
way it's always been
Fall yourself in love and get your teeth kicked in
Fall yourself in love and get your teeth kicked in
Fall yourself in love and get your teeth kicked in
That's the way it is and how it's always been that's the
way it's always been
A little lesson or two in the art of livin' may I be forgiven
if I'm guidin' you wrong
Sing for your supper remember on the other end
Of the spoon the guy's working for song

You'll get your heart broken throwing caution to the
wind
You'll get your heart broken throwing caution to the
wind
You'll get your heart broken throwing caution to the
wind
That's the way it is and how it's always been that's the
way it's always been
[pa pa pa pa pa]
Yeah a little lesson or two...
