Take it down a notch
Its ok to be hated for a while
Especially when you're dead
Waking up is easier said than done

Leave it to us we'll breathe air into distilled lungs
Dont break it apart
The shard might leave a scar
Don't count on it Don't count us out just yet

We're the boys that can easily make it out alive (if we try)

Chorus: Everything lets on to be just as hard as it used to be
You never listen (here's your chance to)
See it through!
Lights reflected from my eyes are slowly dimming out

Seasons they change
Oh so rapidly
The sound of the bass
is like a heart attack to me
See it through!
Lights reflected from my eys are slowly dimming out

Let the clean up crew (crew!)
Pick Up the mess (mess!)
Are you kidding its like World War 3 up in this
Don't tear it apart

Papercuts go pretty far
Don't count on it
Dont' count us out just yet
We're the boys that could easily make it out alive

CHORUS

Wipe out!
Wipe it out of our minds!!! (x7)
(Macbeth was right on)

CHORUS

(Macbeth Was Right!)

see it THROUGH!!!!!!!!!!!!!!!!!!!!!!
