This is where i draw the line  
This is where i draw the line  
This is where i draw the line  
I'm using a pencil can you see my line?

This is where i draw the line  
This is where i draw the line  
I'm using a pencil  
Can you see my line tonight? (Yeah, yeah, yeah!)

This is where i draw the line (Yeah, Yeah!)  
This is where i draw the line (That's right!)  
I'm using a pencil  
Can you see you my line on the paper? (Alright!)

This is where i draw the line (Alright!)  
This is how i draw the line (That's right!)  
I'm using a pencil  
Can you see my line tonight?
