Welcome to our newest ep
For those of you not up to speed
My name is Max and this is Pete
(hey)

Welcome to our greatest ep
We've got Pro-Tools, Logic
-we've got reason don't you see

We've got all the equipment
With none of the talent
We've got all the intelligence
Without the humor or the wit

Welcome to our greatest ep
Believe it or not if you go backwards
-it only gets worse than this one

Welcome to our best ep
The songs shouldn't exist
-but we just don't know when to call it quits
