As long as there's a hill, there's a valley
Long as there's a valley then the river can flow free
As long as there's a sun, there's a shadow
Long as there's a shadow, there's a place for you and
me

Secret place to run and hide
A secret love can't be denied
A secret place that no one knows but you and me
And the lonely breeze that blows

As long as there's a hill, there's a valley
Long as there's a valley then the river can flow free
As long as there's a sun, there's a shadow
Long as there's a shadow, there's a place for you and
me

Secret place to run and hide
A secret love can't be denied
A secret place that no one knows but you and me
And the lonely breeze that blows

As long as there's a hill, there's a valley
Long as there's a valley then the river can flow free
As long as there's a sun, there's a shadow
As long as there's a shadow, there's a place for you
and me
